

CNS Healthcare Helps the Community Cope with COVID-19

For most people, the COVID-19 pandemic has completely dominated our attention and occupied our mental space. The uncertainties of this outbreak have taken its toll by creating stress, anxiety, fear, and panic in our daily lives. Amid this global crisis, CNS Healthcare continues to provide exceptional mental health and substance use disorder services to the community.

In accordance with the CDC, state, and local government recommendations to minimize in-person contacts, CNS Healthcare is taking every possible precaution to keep the community safe- body and mind. With that, we model our vision to be *the source for exceptional wellness solutions*, by providing virtual and telephonic services to the community. Services include:

- Intake screenings and assessments
- Individual and family therapy sessions

Additionally, we offer a limited number of in-person services, including psychiatric appointments, at each of our 5 locations: Novi, Waterford, Detroit, Pontiac, and Southfield. CNS Healthcare provides necessary mental health and substance use services to children (7 to 17 years) and Adults (18 years and up), regardless of insurance status*.

For more information about our services or to book an appointment, call **800.615.0411**, visit www.cnshealthcare.org, or email info@cnshealthcare.org.
